UTAH MEDICS FAVOR STERILIZATION LAW

tive Stand on Question of Eugenics.

Resolution Gruelling Smoot, Sutherland and Howell Is Contemplated.

Special to The Tribune

OGDEN, Sept. 24.-Certain that the uccess of the plan has been proven om an experimental and theoretical standpoint, the members of the Utah State Medical association, in convention here today, went on record as favoring a law which would provide for the sterilization of habitual criminals, epilepties, imbeciles and the insane. The action was taken after the thorough dis-cussion of a paper read by Dr. C. M. Clark of Provo

Another paper on "Eugenics," deal ng with the same proposition from ing with the same proposition from a theoretical viewpoint, was read by D. H. Calder, superintendent of the Utah mental hospital. Dr. Clark's paper dealt only with the subject of sterilization, principally from the experimental standpoint. Mr. Calder favored the establishment of a state bureau to determine the best use of sterilization as applied to the impates of state instituplied to the inmates of state institu-tions, its extent and the class of cases to which the method is to be applied.

Favor State Action.

While the attending physicians, almost 100 in number, were divided on the method to be pursued, a majority was in favor of bringing the matter to the attention of the state legislature. That the matter is one which is demanding the serious consideration of every state was shown by Dr. Clark, who pointed out the success attending the practice in other states, principally Indiann, regarded as the pioneer in the sterilization of those who are unfit to produce successful members of society. Dr. Clark also brought out the fact

pat sterilization had a double benefit. those physicially defective and also, in many cases, brought about an improve-ment in those already afflicted. As an illustration of the latter he cited the case of a man, 36 years of age, a victim of epilepsy for twenty-one years, Since sterilization, almost one year ago, he has not suffered an attack of the dis-

cipally to physical disorders, assuming that habitual criminality is not a physi-cal disorder. In view of the serious spread of infectious diseases the physicians were unable to arrive at a decision as to what extent the steriliza-tion should be practiced. This matter, it was believed, should be left largely to the state bureau empowered to pass

Good Representation.

Other papers on a variety of subjects were read by Dr. J. W. Pidcock of Ogden, Dr. C. P. Harvielle of Salt Lake, Dr. G. C. Emery of Preston, Ida.: Dr. Walter E. Whalen of Ogden, and Dr. C. E. West of Salina. The membership Walter E. Whalen of Ogden, and Dr. C. E. West of Salina. The membership of the state society was well represented when the first session of the convention was called to order by President R. Whale of Salt Lake at 10 o'clock this forenoon. The sessions are being held in the council chamber of the city building. After a further consideration of preserves. The county central committees whice at the companying sessions.

The annual banquet was held at the Reed hotel this evening Dr. A. S. Condon of Orden read a paper on "The Subsidized Newspapers." With the term "subsidized Newspapers." With the term subsidized newspapers, he linked the National League for Medical Freedom, which he assalled from every point of view, declaring that the name itself was a misnomer. He declared that the league was merely a combination of patent, medicine manufacturers who had bought up the newspapers with expensive advertising. The Orden physician said that the opponents of the Owen bill had received an enormous sum of money from the same interests which had subsidized the newspapers.

At the conclusion of Doctor Condon's paper, a resolution was introduced as follows:

"Besolved That the association in con-

Special to The Tribune

OGDEN, Sept. 24 .- An intimation that certain Americans are planning an independent invasion of Mexico as a result of recent depredations and the failure of the government to intervene was received in this city today in a letter from J. S. Reddoch, a former division superintendent of the Mexican Central railroad, to J. B. Roberts, formerly a railroad, to J. B. Roberts, formerly a conductor on the same road. Both of the railroad men, with hundreds of oth-ers, left Mexico last April at the out-

ers, left Mexico ass April at the out-break of hostilities.

That part of the letter referring to the possible invasion is as follows: "It is my object now to get in close touch with the Americans who left Mexico on account of discrimination, and if our services are required and accepted, a meeting will be called either in El Paso or San Antonio, Tex., where we can proceed to a complete organization. If a call is issued for a meeting it will be when I have information to justify and I shall not reflect on your loyalty by asking you to respond."

Mr. Roberts, who is now visiting relatives in Ogden, was a member of the committee which waited upon Secretary of Knox at Los Angeles last May and requested government action against the
